

Fighting against COVID-19, E Fund Acts

Since the beginning of the COVID-19 outbreak, we at E Fund have been actively engaging in the fight against the pandemic.

10.35 Million RMB in Cash Donations

We donated 10.35 million RMB to provide assistance to COVID-19 related medical and preventative work in Wuhan and nearby cities.

Personal Protective Equipment (PPE) Donations

We donated PPEs including more than 6000 pieces of medical coverall suits and 500,000 pieces of isolation gowns to medical professionals working in hospitals in Wuhan and other areas in Hubei province.

Doctors unloading E Fund donated PPEs

Essential Goods Donations

To support medical professionals in Wuhan as well as those who travelled from the rest of China to Wuhan to treat COVID-19 patients, we donated essential goods including disinfection supplies and household goods, which totaled over 330 boxes, weighing over 10 tons.

On each box, we wrote down our best wishes

Post-pandemic Recovery

As the curve flattens in China, we continue to pay attention to the rehabilitation needs of hospitals, medical professionals and COVID-19 patients. Our efforts to contribute to the fight against COVID-19 will not stop.

We will overcome this difficult time, together.
